

BOVEDA POLICY FOR SELLING ON 3rd PARTY WEBSITES

Amazon and eBay Sales Policy: Boveda does not permit wholesale customers to re-sell Boveda on Amazon, eBay, or any other 3rd party online marketplace. This policy was created after years of improper pricing, inaccurate product descriptions and inadequate shipping procedures. We desire to protect the Boveda brand and our valued brick-and-mortar retailer channel by reducing bad customer experiences. We police Amazon and eBay every day, and if you are found to be selling on these websites you will no longer be able to buy Boveda from us or any of our distributors.

If you are selling Boveda on any 3rd party site please remove your listings immediately. Failure to do so will result in termination of your ability to purchase Boveda.

This policy only applies to 3rd party marketplaces and you may continue to sell Boveda in your store and on your own website if you have one.
