

DESIGNED BY GROWERS  
FOR GROWERS.™

YouTube Instagram Facebook @THESOILKING

Big Rootz® is carefully formulated to meet the needs of professional growers, yet it's so easy to use that even novice gardeners can achieve growing success. Use it for indoor grows or outdoor greenhouses, or add it to existing soil. Big Rootz undergoes strict quality control and sourcing natural and organic product materials for the end user.

Big Rootz® blend consists of peat, triple-washed coir, worm castings, ligna peat and compost. Big Rootz® is pH-adjusted and enriched with mycorrhizae to maximize root growth, increase nutrient and water uptake and foster overall plant vigor.

Through our research, we have perfected a uniquely enriched blend that we know you'll love. Big Rootz® devotees won't grow with anything else.

#### DERIVED FROM:

Rock Phosphate  
Sulfate of Potash  
Ferrous Sulfate  
Seabird Guano  
Langbeinite  
Feather Meal  
Kelp Meal  
Bat Guano

Dolomite  
Volcanic Ash  
Fish Bone Meal  
Neem Meal  
Glacial Rock Dust  
Blood Meal  
Oyster Shell

#### MYCORRHIZEA ADDED:

Glomus Intraradices  
Glomus Mosseae  
Glomus Aggregatum  
Rhizopogon Villosulus  
Rhizopogon Luteolus

Rhizopogon Amylopogon  
Rhizopogon Fulvicleba  
Pisolithus Tinctorius  
Scleroderma Citrimum  
Scleroderma Cepa

#### SOIL AMENDING INGREDIENTS:

Peat Moss  
Coco Coir  
Compost

Worm Castings  
Ligna Peat  
Pumice
